PRICE LIST 1923

OF PRODUCT OF

Stone Crest Gardens

EAU CLAIRE, WISCONSIN

OUR AIM is to grow only the desirable varieties and to furnish stock that will grow, as a satisfied customer is our wish. We want to please you.

The soil of our five acre plantation is ideal for the growing of roots and bulbs. We have irrigation in case it is needed and a frost proof root cellar for Gladiolus bulbs that insures plump, hard bulbs full of vitality.

All prices are cash with order unless customer has a charge account on our books.

We prefer to ship by Express. In case of small shipments by parcel post add ten cents per root for postage on Peonies and twenty cents per dozen on Iris roots. Gladiolus prepaid in small lots.

CULTURAL DIRECTIONS

PEONIES

Peonies will grow in any good garden soil but should have a sunny location. Use fertilizers cautiously, a handful of bonemeal per plant each year is sufficient. Do not plant the topmost eyes more than two inches below the surface. Good drainage is essential. If your planting plat is a flat surface mound the earth around each plant to raise the crown above

the spring water that thaws and freezes. Plant during early October if possible. Spring planting is not recommended but is often done successfully—remember the eyes are very brittle in the Spring, but stand handling well when dug in the Fall. Most divisions will show bloom the first year, but do not expect nor allow more than two blossoms. It requires one year for plants to be well established, after which you can expect bloom for a lifetime every year in June.

IRIS

Plant Iris in well drained garden soil covering the top of the fleshy roots not more than one inch. A sunny location is preferred for most kinds. A sprinkle of lime or hardwood ashes on the soil before preparation is recommended. Iris multiplies rapidly and should be divided every three or four years. No winter protection is required for the varieties listed. Beware of heavy fertilization. A small application of bone-meal and lime each year is all that is necessary.

GLADIOLUS

Plant Gladiolus in full sunshine in any good garden soil two inches deep. The bulbs can be planted four inches apart in double rows for cultivation. When the bulbs are planted a top dressing of pulverized sheep manure is recommended. This dressing should be renewed when the flower buds appear for best bloom, but the average garden soil without any enrichment will produce good bloom. Dig the bulbs when frost has killed the foliage. Cure in a dry warm place for a few days. Clean the bulbs of roots and old corms and store in a frost proof cellar over winter. Successive plantings can be made from April 15th to June 10th for an extension of bloom. Save the bulblets for propagation of the varieties. All come true. Plant them early when there is plenty of moisture in the soil. Sow thickly and cover lightly.

MISCELLANEOUS OFFERINGS

LILY OF VALLEY AND LEMON LILLIES

Lily of Valley pips \$1.25 per 100, \$10.00 per 1000. A good variety of reliable bloomers of the smaller and most fragrant kind.

 **Giant Lily of Valley:** 25¢ each, \$2.50 per dozen. This has much larger bloom and a delicate fragrance.

Lemon Lily: 25¢ each, \$2.50 per dozen. A very dependable perennial that produces an abundance of yellow flowers on long stems. Fine for cutting and very fragrant.

Orange Lily: Similar in foliage to Lemon Lily but a deeper yellow without fragrance. Price 25¢ each, \$2.50 per dozen.

BRUNK CLEMATIS

A new Clematis seedling. A great improvement on any Clematis heretofore known, very hardy having been tested in Northern Wisconsin climate fifteen years.

Grows 8-10 ft., blooms from new growth each year.

Blooms June and July, the vine is covered with a mass of flowers 4-5 inches diameter with 5 and 6 petals, opening a purple and changing to shades of lavender.

One of the most desirable acquisitions, in the nature of a flowering vine that has been presented for many years. Does not require winter protection.

Strong plants \$5.00 each. Extra large Clumps for Heavy Blooming first year \$10.00

PEONY LIST

List of White Varieties

The letters E., M. and L. mean Early, Midseason and Late.

Avalanch	M	Div.	\$1.00	1 Yr.	\$2.00	2 Yrs.	\$3.00
Boule DeNieve	E	Div.	.50	1 Yr.	1.00	2 Yrs.	2.00

LIST NO. 1

GLADIOLUS at following prices:

1st size—1 $\frac{1}{4}$ inches and up—75¢ Doz., \$5.50 per 100
 2nd size— $\frac{3}{4}$ to 1 inch —60¢ Doz., 4.50 per 100
 Planting sizes $\frac{1}{4}$ to $\frac{3}{4}$ inch— 3.00 per 100

SENTINELS

Fine pink, a great propagator, and bulblets grow rapidly.

PEACE

The old reliable white, a good multiplier.

HEREDA

Mauve, a great favorite with many, and a good producer of bulblets that grow readily.

BEATRIX

A fine white, with an abundance of bulblets easily grown. Fine for cutting.

WAR

A good red, with an abundance of bulblets.

Pink Collection, a mixture of pink varieties; choice for cut flowers.

LIST NO. 2

1st size—	\$1.00 Doz.,	\$7.00 per 100
2nd size—	.80 Doz.,	5.50 per 100
Planting		3.50 per 100

EVYLIN KIRTLAND

Fine pink; good multiplier.

LILY WHITE

White; a great producer; early and popular.

GRETCHEN ZANG

A great favorite with florists on account of pink color. Good increase.

BARON HULOT

Violet; a graceful flower; an abundance of bulblets.

MR. MARK

Light Blue; a pleasing color and good producer.

DIANA

Scarlet; an excellent variety from all standpoints.

PRINCE OF WALES

Salmon Pink; early and a good multiplier.

LIST NO. 3

1st size—	\$2.00 Doz.,	\$15.00 per 100
2nd size—	1.50 Doz.,	12.00 per 100
Planting stock—		8.00 per 100

ANNA EBERIUS	Red; one of the best dark reds yet produced, and most popular; good producer.
ALICE TIPLADY	Orange red or flame color; very showy, and has numerous bulblets.
MRS. DR. NORTON	White and cream; very popular and a gem in any garden; good producer of small bulblets that grow.
LE MARSCHALL FOCH	Light pink; a great favorite and good producer.
SALMON BEAUTY	Salmon Pink; sturdy grower; rather late; good propagator.
CRIMSON GLOW	Brilliant Red; very fine; fair multiplier.

LIST NO. 4

1st size— \$1.00 each—\$10.00 per Doz.,

2nd size— .75 each— 8.00 per Doz.

ROSE ASH

Color ashes of Roses, hard to describe; fine; good producer.

ELF

Color White; one of the best on the market; prolific.

WHITE WONDER

Fine white flower well named. Good producer.

PINK WONDER

Pink of good habit and wide open flower; fair producer.

PURPLE GLORY

Very dark purple red; magnificent; shy producer.

JEWELL

Salmon Pink; promises to be a fine commercial sort.

LIST NO. 5

DIAMOND

White; a new one from Holland that promises well; fair producer.
1st—25¢ each; \$2.50 per dozen.

MAINE

A fine white that will please any connoisseur of fine flowers; fair producer.
Price 50¢ each

VERDUN

Wine red, an outstanding color that will attract attention.
25¢ each; \$2.50 per dozen.

GORDON

Ruby red; a new variety tested for five years; this is the first offering of bulbs; probably the best and most attractive velvety ruby red yet produced.
\$5.00 each

EAU CLAIRE

White; a seedling tested for five years; a companion of Gordon a pure glistening white; wide open flowers. First offering of bulbs.
\$5.00 each

GENERAL HAIG

Velvet purple; a promising new kind, with merit, at a very reasonable price of 25¢ each; \$2.50 per dozen.

GENERAL PERSHING

A splendid new pink; good producer.
Price 25¢ each; \$2.50 per dozen

All small orders are sent by parcel post prepaid, orders of over 100 sent by express, charges collect.
